## ALMC SCHOOL OF NURSING GRADUATION 20 AUGUST 2016

What a wonderful and blessed day we had on the very first graduation of our ALMC School of Nursing. It was an amazing and historic event as the first graduation included three separate classes.

The festivities were honored by our Bishop, Rev. Solomon Massangwa, serving as guest of honor. Dr. Kibira, the director of the ALMC Training Centre welcomed the crowd and Prof Jacobson shared the history of the dream and the miracles of the school coming into being.

There were three classes, included the class of 19 who had begun in March of 2014, the second class of 22 who started in September of 2014, and a third class who undertook a one-year course in Community Health Technician training and graduated 37 students.

The complete set of exam results were only available for the first class who had an amazing success rate of 99.9% success in the exams! While we wait for national comparisons to arrive, we are confident that we will be one of the top schools in the country. We are so very pleased that 11 of the first graduates will join ALMC for employment and 5 will

join Selian Lutheran Hospital starting September 1<sup>st</sup>.

Many thanks to all who have made this dream a reality – the Diocese leadership, our School of Nursing staff and volunteers, our generous supporters at Operation Bootstrap and to Helen and Richard Kraft for their amazing support.

Gloria Deo!
